Client Rights, Expectations, and Responsibilities Handbook

Welcome to HopeSprings Counseling Services, A Program of Cunningham Children's Home

For more than 120 years, Cunningham Children's Home has developed great expertise in working with youth in crisis and their families. As the needs of our community change and grow, Cunningham believes it is time to share our expertise with everyone.

We welcome the opportunity to provide you with high quality counseling services. This manual outlines your rights as a client, your responsibilities while receiving counseling services and the expectations of those receiving services at HopeSprings.

Cunningham's mission is to nourish hope through effective solutions so children thrive and families flourish. HopeSprings provides hope and healing directly to youth and families in our community. We offer a safe and nurturing environment that allows opportunity for growth, healing, and recovery. Counselors are highly trained in trauma-informed care and can use their expertise to help guide the recovery process.

Treatment Process

When you seek treatment at HopeSprings you will be assigned a therapist. You and your therapist will work together to complete a comprehensive assessment and treatment plan. You are the most important person involved in your treatment. You have choices in your treatment, which include involving your family or others in your treatment.

With your input, the treatment plan guides your treatment. It identifies treatment goals, objectives, and measurable outcomes for you to work on with your therapist. The treatment plan also identifies the types of services, frequency, and duration of the services you will receive as well as the staff responsible for providing the service. You and your therapist will review your treatment plan at least every six months. As you make progress or circumstances change, changes can be made to your treatment plan. Your therapist will go over benefits, risks, side effects, and alternatives of your treatment during the treatment planning process.

It is important that you attend your scheduled sessions consistently. If you need to cancel or reschedule your appointment, please do so with at least 24-hour notice so that we can offer the appointment time to someone else who may be waiting. If you are not consistent in attending your therapy appointments, you could be discharged from services. If you miss three consecutive therapy sessions or your overall attendance is inconsistent, HopeSprings could terminate your services.

60 days following the completion of your treatment or termination of services, your therapist or a HopeSprings staff person will contact you to see how your recovery is going. They will review the progress made while at HopeSprings and explore your desire and/or need for additional services. These services could be counseling services at HopeSprings or services provided at other social service agencies in the community.

My rights as a client at HopeSprings Counseling Services, A program of Cunningham Children's Home have been explained to me and I understand what they are. I have read (or had read to me) and received a copy of the document entitled Client Rights Statement. I also understand that the rules which describe these rights are available to me if I want. I have received a copy of Grievance Process describing the process for filing a complaint.

HopeSprings' Grievance Process

As a client at HopeSprings Counseling Services, a Program of Cunningham Children's Home, you have a right to file a grievance (complaint) about the services you receive, decisions that are made or how you are treated. This explains what a grievance is, how to file a grievance, and how HopeSprings/Cunningham staff will respond to a grievance. If you have more questions about this process, talk with your therapist or the associate director of clinical services.

1. What Is A Grievance?

A grievance is a complaint. Grievances can be about many things, but most grievances involve how you are treated, services you receive or decisions that are made that you believe are not the best for you.

2. Who Can File A Grievance?

- You (the client)
- Your legal guardian (if applicable)
- Professional staff involved in your case

3. How Do I File A Grievance?

a. Ask for a grievance form from your therapist or the Program Assistant. The form has 3 questions:

- 1) What are you filing a grievance/complaint about?
- 2) What right(s) have been violated?
- 3) What would you like to see happen in response to your grievance/complaint?

*If you need help filling out the form, any staff person can help you. Be sure to sign and date the completed grievance form.

b. The completed form may be given to the Program Assistant or to your therapist. The person who receives the grievance will sign and date the grievance form and make a copy for you.

c. The grievance form will then be given to Ann Percy, the Director of Community-Based Services. Ann will decide who will review the grievance. Depending on the issue, it may be reviewed by either Ann or the Associate Director of HopeSprings.

d. Either Ann or the Associate Director of HopeSprings will schedule a meeting with you to talk about the grievance. After the meeting, Ann, or the Associate Director of HopeSprings will schedule a meeting with you to talk about the grievance. After the meeting, Ann, or the Associate Director of HopeSprings will send you a letter telling you what was decided. This step may take up to 10 business days.

e. If your grievance has not been resolved, it will then be forwarded to Pat Ege, Vice President of Program Services. Pat will schedule time to talk with you about the grievance. After the meeting, Pat will send you a letter telling you her decision. This step may take up to 10 business days.

f. If the grievance still has not been resolved, Pat will send the grievance to Marlin Livingston, President/CEO. The President/CEO will schedule time to talk with you about the grievance. After the meeting, he will send you a letter telling you his decision about your grievance. This step may also take up to 10 business days. Marlin's decision is generally final and cannot be appealed. However, depending on the nature of the grievance and our ability to resolve the issue, your grievance may go to the Cunningham Board of Directors for review. The decision of the Board is final and cannot be appealed.

4. What Else Should I know?

- Any staff person involved in your grievance will not decide how it will be handled. This may mean that the grievance will skip a step or another person in a similar position will review your grievance instead.
- You may take back or stop a grievance you have submitted at any time.
- There will not be any consequence for filing a grievance.

- The 10-business daytime limit for each step of the grievance process may be increased if both you and the staff person agree. If Cunningham staff do not meet the 10-business daytime limit (and you did not agree to a change), the grievance will move to the next step in the process. The grievance will not automatically be resolved in your favor.
- If you have any problems using the grievance process, please contact Shawn Peterson, Director of Quality Improvement (speterson@cunninghamhome.org or 217-367-3728) for help.
- You may also present grievances to the agency that is funding your services at HopeSprings. These agencies have their own grievance procedure. Contact information is below:

III. HopeSprings Fee Agreement

This contains important information regarding fees and insurance. Please review and make sure you understand the policy. If you have any questions, please discuss with the Intake & Billing Coordinator or the Program Assistant BEFORE signing.

Before scheduling your first appointment, HopeSprings Counseling asks for credit or debit card information that will be kept on file to be used as a form of payment for co-pays, co-insurance, deductibles, late cancellations, missed appointments, and past due account balances. When a fee is applied to your account, the card you selected to be on file will be automatically charged on the date of the fee application. The Program Assistant should be contacted if a card is no longer active, or you wish to have another card/account billed.

Fees for Services

HopeSprings offers a wide variety of services. All services are provided by a professional and billed accordingly. Co-pays and other out-of-pocket expenses are due at the time of service.

Health Insurance

As a courtesy HopeSprings will submit claim information to your insurance provider, if applicable, to help with the cost of treatment.

- If insurance is used, **ALL** co-pays, coinsurance and deductibles are due and charged at the time of service.
- If Medicaid is being used, any spenddown fees, if applicable, are due at the time of service.
- Eligibility of benefits is not a guaranteed reflection of benefits paid; therefore, you, as the policy holder, will be personally and fully responsible for any services not covered by insurance.

Health insurance is used to assist in the payment process; however, you are ultimately responsible for payment. Should insurance leave an unexpected balance on your account, you will be responsible for paying the balance upon notice. Services may be terminated in 30 days if your account is not paid in full.

Client Responsibility for Payment

In general, clients are responsible for payment at the time of service.

- If you cannot pay for the services at the time of your appointment, you will not be seen.
- Co-insurance and service fees must be paid within 30 days of being applied to your account. A failure to pay these charges in the 30-day time frame may result in you being discharged from services.
- Accepted forms of payment are cash, check, credit cards (Visa, Mastercard, Discover, and American Express), and debit cards. Checks should be made payable to Cunningham Children's Home.
- If services are paid by check or credit/debit card and there are non-sufficient funds, a \$25 fee will be charged in addition to the amount owed for services.
- If you do not have insurance coverage you can request one of the two following options:
 - Private Pay – Pay a set rate for services out of your own resources
 - Sliding Fee Scale – A service cost adjustment based on client's income and ability to pay for services
- If the sliding scale fee or private pay agreement are being used, the agreed upon amount for the service is charged at the time of service

To access private pay or sliding fee scale agreements, you will need to reach out to the Intake and Billing Coordinator

HopeSprings Informed Consent

For the client:

- I am seeking services with HopeSprings Counseling Services, a program of Cunningham Children's Home. If I'm under the age of 18, I realize that my parent/guardian/funding agent is seeking services for me at HopeSprings.
- I consent to an assessment of my needs.
- I understand that a treatment plan will be developed based on an assessment of my needs and I will have the opportunity to participate in the development of the treatment plan.
- I understand that an emergency plan that identifies supports and resources I may access in the event of any emergency is included in the HopeSprings Handbook. Not only will I receive a copy of the HopeSprings Handbook, but a copy is also located on the program's website (<http://hopespringscu.org>) which provides 24-hour access to these resources.
- I consent to receiving services offered by HopeSprings Counseling Services. A variety of treatment services are available to address my identified need(s). No guarantee or assurance has been given by anyone as to the results that may be obtained from services. I am responsible for actively participating in treatment services.
- Treatment services may be provided face-to-face or through distance counseling (telehealth) through synchronous digital and/or audio/video means. Synchronous means services are provided via real time audio/video interactions. HopeSprings Counseling Services will not provide distance counseling via e-mail, text or other methods that do not involve real-time interactions.
- Appropriateness of telehealth services will be evaluated on an individual basis and you may decline use of this treatment modality. If you are receiving telehealth services, your therapist may determine at any time that this type of service is no longer appropriate. If face-to-face services are not possible, your therapist will provide alternative services options.
- Telehealth services are provided using HIPAA compliant encrypted technology purchased by HopeSprings Counseling Services. This technology is designed to protect the confidentiality and security of communication between you and your provider. We will not use platforms that are not HIPAA compliant (e.g., Skype, FaceTime, etc.). It is important to note that the nature of electronic communications is such that privacy risks exist, and no one can guarantee that unauthorized persons will not gain access.
- I understand that there is the possibility of both risks and benefits. Treatment benefits may include an increase in positive feelings and behaviors, improved relationships with others and ultimately, improvement in the quality of my life. Treatment risks may include experiencing uncomfortable emotions (e.g., sadness). Risks associated with distance counseling (telehealth) may include your therapist having a reduced ability to reliably assess your mood and/or status compared to face-to-face interactions. In addition, telehealth may provide less confidentiality (conversations being overheard or accessed) or less reliable connections (e.g., dropped calls, poor internet connection, etc.).
- I understand that I am not to follow or attempt to friend staff members of HopeSprings Counseling Services on social media platforms (e.g., Facebook, X, Instagram, etc.) nor am I to search for personal information about staff members of HopeSprings Counseling Services on the internet or other resources. In turn, I also understand that staff members are prohibited from attempting to follow or friend me on social media and are not permitted to access personal information about me on the internet. These practices protect my confidentiality, build trust, and support a healthy therapeutic relationship with my therapist/HopeSprings staff. Violations of this expectation may result in termination of services.
- I understand that if I present in a violent or threatening manner toward HopeSprings staff, services may be discontinued immediately depending on the nature of the behavior. Alternatively, I may be asked to enter a 30-day

treatment contract which places expectations on my behavior to continue receiving services. I understand that these situations are managed on a case-by-case basis; however, if I continue to present in a violent and/or threatening manner, have multiple incidents of violent and/or threatening behavior over time, or are otherwise noncompliant with expectations, then my services could be terminated prior to 30 days from the date of the treatment contract. I also understand that if I do not agree to sign the treatment contract, HopeSprings will discontinue my services at the time of my refusal.

- I understand that if my needs are assessed by my therapist to be beyond what traditional therapy can provide that I may be asked to enter a treatment contract requesting that I engage in specific type(s) of treatment (e.g., inpatient or outpatient substance abuse, take psychotropic medication, day treatment, or inpatient psychiatric, etc.). I understand that if I do not agree to sign the treatment contract, HopeSprings will discontinue my services at the time of my refusal. I also understand that if I do not comply with the conditions of the contract, HopeSprings will discontinue my services in 30 days from the date of the treatment contract.
- While telehealth services provide the opportunity for services to be recorded via audio and/or video, no treatment services will be recorded without your consent. Any video/audio recording would be for the sole purposes of staff training and/or supervision and will never be made public. We request that you (client) do not record treatment services in any manner due to potential risks to your confidentiality (e.g., recording is accessed and/or uploaded by a third party). Cunningham has no ability to protect the confidentiality of recordings made by a client.
- I have been apprised of my rights and I have been informed of the services offered by HopeSprings. I also have received this information in writing.

Not only will I receive a copy of the HopeSprings Handbook, but a copy is also located on the program's website (<https://hopespringscu.org>) which provides 24-hour access to these resources.
- I consent to this client's participation in the services offered by HopeSprings Counseling Services. A variety of treatment services is available to the client to address their identified needs(s). No guarantee or assurance has been given by anyone as to the results that may be obtained from services. Each client is responsible for active participation in treatment and services offered.
- Treatment services may be provided face-to-face or through distance counseling (telehealth) using synchronous digital and/or audio/video means. Synchronous means services are provided via real time audio/video interactions. HopeSprings Counseling Services will not provide distance counseling via e-mail, text or other methods that do not involve real-time interactions.
- Appropriateness of telehealth services will be evaluated on an individual basis and you may decline use of this treatment modality for this client. If the client is receiving telehealth services, their therapist may determine at any time that this type of service is no longer appropriate. If face-to-face services are not possible, the therapist will provide alternative services options.
- Telehealth services are provided using HIPAA compliant encrypted technology purchased by HopeSprings Counseling Services. - I understand that there is the possibility of both risks and benefits. Treatment benefits may include the client experiencing an increase in positive feelings and behaviors, improved relationships with others and ultimately, an improvement in the quality of the client's life. Treatment risks may involve the client experiencing uncomfortable emotions (e.g., sadness). Risks associated with distance counseling (telehealth) may include the therapist having reduced ability to assess client's mood and/or status compared to face-to-face interactions. In addition, telehealth

may provide less confidentiality (e.g., conversations being overheard or accessed) or less reliable connections (e.g., dropped calls, poor internet connection, etc.).

- I understand that staff members of HopeSprings Counseling Services are not permitted to follow or friend the client or me on social media platforms (e.g., Facebook, X, Instagram, etc.) or search for client information via the internet. I further understand that a client/parent/guardian should not attempt to follow or friend the therapist on social media. This practice protects the confidentiality of the client and supports a healthy therapeutic relationship with the therapist/ HopeSprings staff.
- While telehealth services provide the opportunity for services to be recorded via audio and/or video, no treatment services will be recorded without your consent. Any video/audio recording would be for the sole purposes of staff training and/or supervision and will never be made public. We request that neither the client, you or any other third-party record treatment services in any manner due to potential risks to your confidentiality (e.g., recording is accessed and/or uploaded by a third party). Cunningham has no ability to protect the confidentiality of recordings made by a client, their guardian or any other third party.
- I have been apprised of the client's rights and I have been informed of the services offered by HopeSprings. I have also received this information in writing.

Emergency Planning

❖ If there is no risk of harm to you or someone else, we ask that you/your family:

- Write down information about the emergency that you would like to discuss in your next session; or
- Call HopeSprings Counseling Services if a more immediate response is needed. Depending on the nature of the emergency, your therapist may request a brief phone meeting or an additional session to manage the situation.

❖ If there is a risk of harm to you or someone else, we ask that you/your family:

- Call the appropriate crisis line number (a list of crisis lines by county as well as suicide hotlines are provided on page 21 of this handbook).
- If the risk of harm is more urgent than can be managed by contacting crisis line, immediately go to your local medical center/emergency room.
- Contact HopeSprings Counseling Services after you have accessed the crisis line and/or medical care and are safe. We will want to know basic information about what happened as part of planning for your next session.
- Following stabilization and discharge, your therapist will want to discuss what led to the need for contacting the crisis line, a hospital visit and/or details of any hospital stay (e.g., changes in medications, diagnoses, treatment recommendations, etc.) as well as your emotional and behavioral status post-discharge.
